Planning for the Future

Why is planning important?

Losing a loved one is painful. Many decisions have to be made and no one wants to think about how final expenses will be paid at a time of loss. Therefore, planning ahead for final expense needs is one of the most important and loving things we can do for our family.

Although we have no control over when our life will end, we can lessen our loved ones' burden by putting a plan in place to cover final expenses, for the sake of our beneficiaries.

With that in mind, the Polish Roman Catholic Union of America is proud to provide a *Guaranteed Issue* plan that can provide for your family during this challenging time. With average funeral costs ranging from \$7,000 to over \$13,000, this family planning tool is designed to meet this need and provide a feeling of comfort and peace you and your family deserve.
